# BUREAU OF INDIAN STANDARDS

Bureau of Indian Standards (BIS), Delhi is the sole authority for the disbursement of BIS Registration Certificates in India. Compulsory

Registration Scheme (CRS) contains a list of products that are mandatory to get BIS Registration Certificate before launching in India.

All manufacturers/Brands need to take BIS Certification which assures

that their products are safe for the consumers in India. Every manufacturer/Brands must obey with the rules and regulations as per

decided by the BIS. We help to organize all formalities and documentation required by BIS in order to register the product.

# BUREAU OF ENERGY EFFICIENCY

Bureau of Energy Efficiency (BEE) grants STAR RATING of appliances depending upon their energy efficient design and performance.

Greater the number of STARS better is the performance. It is an added sales point by creating an edge over others. BEE does both regulatory and promotional activities. As part of regulatory activities it does following: It sets performance standards for appliances and designs labeling scheme for the same. The star rating of various appliances like AC, LED TV, Refrigerators, Fans, Water Heaters, etc is part of this authority that they have. They develop norms for energy consumption.

# TEC CERTIFICATION

Certificate of approval is issued by TEC for the product for which the IR/GR does not exist with TEC and is issued against applicant's own specification and cases viz. GSM Phones, 3G Modems, Bluetooth Enabled wireless terminals against approved Standards of Standard Body. We helps importers, Manufacturers, Brands, trader, distributor in obtaining the certificate in Specific time period.

**TELECOMMUNICATION ENGINEERING CENTER**

**To all the manufacturers, importers and traders of telecom equipment.**

Mandatory testing and registration.

Certification process endeavours to encourage:

- i. That any telecom equipment does not degrade performance of existing network to which it is connected.
- ii. Safety of the end-users.
- iii. Protection of users and general public by ensuring that radio frequency emissions from equipment do not exceed prescribed standards.
- iv. That telecom equipment complies with the relevant national and international regulatory standards and requirements.

# WPC APPROVAL

WPC is a Wing of the Ministry of Communication, a National Radio Regulatory Authority involved in Frequency Spectrum Management. WPC Office issues WPC (ETA) License for IT and Electronic products while fulfilling the needs of the wireless technology consumers. Wireless and Bluetooth IT and Electronic products that operate on unlicensed frequency bands and meet human safety requirements can only be sold in Indian market with WPC approval.

# NABL TESTING

TESTING Labs provides one stop solutions for Testing of Electronics, Electricals & IT Products along with Safety Testing of Electronic & Household Products. TESTING Labs is accredited from NABL (National Accreditation Board for Testing and Calibration Laboratories).

- TESTING LABS has Modern Technology Embedded State of Art Testing Facility for Testing of Products of Automotive, Electronics, IT Products, Audio Video Equipment, Luminaries, LED, Cells & Batteries and Electrical Home Appliances.

- Testing Lab has State of Art Facilities for Vibration Tests, Endurance Tests, Ingress Protection Tests, Conditioning Tests, Safety Tests, Function Tests of Equipment and Appliances.
- We follow BIS Standard & International Standards to conduct Safety tests for Electronics, IT, Electrical Appliances and Automotive Products. Lab complies to ISO 17025 Standard; lab is accredited by NABL and recognized by BIS under CRS.
